Since Beane Freeman agreed to participate, I think this sounds like a great balance to me as well. I am going to suggest this. Thanks, Tom.

Hello,

I feel that we need to have a discussion about the attached pdf... Maybe Friday? Or, since it is time-sensitive, maybe we can do it over email?

Ex. 5 Deliberative Process (DP)

Thanks for any input,
Andrew

Hi Barbara and John,

Attached is the updated status table for the Formaldehyde Workshop experts.

We invited today Richard Albertini (Richard.Albertini@uvm.edu), Laura Beane-Freeman (freemala@mail.nih.gov), and Lawrence Marnett (larry.marnett@vanderbilt.edu). Their letters are attached. Please pass along this information to Dr. Olden's assistant.

Please note in the status table the individuals that are noted with "proposing for EPA approval" and let us know if we can invite them.

I need to discuss with your team example alternates for Stephen Hecht in Session 1 and J. Carl Barrett in Session 2. You can reach me at my cell phone 703-244-3508 in Phoenix.

Thank you,
Kim
